Superintendent's Newsletter

Dr. Wayne F. Gersen

At their meeting on Monday, May 10, the Board of Directors voted to hold the Annual School District Budget meeting on Monday, May 24 at 7:00 p.m. in the Telstar Regional High School Auditorium.

The Annual Report for S.A.D. 44 has been distributed which includes statistical information on the district, a copy of the FY '81 audit report, and narratives describing the FY '83 budget and the articles that comprise the warrant at the annual budget meeting. Included in this Newsletter are the narrative sections of the Report, reviewing the FY '83 budget and describing the warrant articles to be voted upon at the Annual Meeting on May 24.

After months of deliberation by the Finance Committee, the district administrators, and the Board of Directors, S.A.D. 44 is requesting approval of a budget of \$2,823,135. This is a gross increase of 4.87% over last year's budget, and will result in a net decrease of .57% in property tax revenues required by the school district for the fiscal year, which runs from July 1, 1982, to June 30, 1983. The modest increase in the overall budget reflects an effort by the Board, administration, and total staff of the district to keep expenditures low. The property tax decrease is largely the result of an unanticipated surplus from the previous fiscal year.

FY '83 Revenues

The district has four primary sources of revenue: state funds; local property tax; tuition; and surplus. The following indicates revenues from each of these sources for FY '83: State funds, 47%; local property tax, 39.7%; tuition and misc., 8.7%; surplus, 4.6%.

FY '83 Expenditures

The break-down of budgeted expenditures for FY '83 is as follows: instruction, 55%; operations, 16%; transportation, 12%; fixed charges, 11%; administration, 3%; extra-curricular, 2%; misc., 1%.

Instruction

The funds for instruction increased by over \$10,000 between FY '82 and FY '83. As in the previous fiscal year, the Board of Directors and administration are committed to maintaining as low a budget as possible, without jeopardizing the funds available for the delivery of instructional services. For FY '83, the total number of teachers paid through district funds remains the same, although shifting enrollments will result in the reassignment of some personnel. These staffing changes will result in a comparable level of educational services in FY '83.

The instruction account also provides funds for educational materials and supplies, including textbooks, audio visual equipment, paper, workbooks, and any consumable materials used to deliver instruction to students in our classrooms. Austerity measures continue to be made in this account, particularly in the area of paper, consumable materials, and office supplies. In effecting these economies,

VOCALIST ENGAGED AT

BETHEL INN — Paul Cornell, vocalist/songwriter, has accepted an extended engagement at the Bethel Inn and will be entertaining this summer in their Mill Brook Tavern. Mr. Cornell, who resides in Waterville, has played with several bands throughout his career, entertaining in Maine, New Hampshire and many locations in the east coast and mid west areas. In addition to being a talented singer-composer, he is proficient on a variety of instruments including keyboards, flute, sax, trumpet, guitar, mandolin, bass and drums. His song writing skills have been recognized with several awards, including one from the American Songwriter's Festival.

The quality of education has not been sacrificed.

Operation of Plant

Significant savings have been effected in this account through the use of matching funds to insulate and upgrade the energy efficiency of the district elementary and secondary schools. As a result of the energy projects completed during the past year, S.A.D. 44 realized annual savings of nearly 17,000 gallons of fuel oil. The district has also reduced the KWH consumption by over 130,000 KWH.

Expenditures in this area are also minimized because no major building improvement projects have been scheduled for the coming fiscal year. While a portion of the Andover School will be roofed, the lower level of the Andover School will be refitted, and some minor repairs to the Telstar roof will be needed, there are no major roofing jobs or major items of capital outlay for the district in the coming fiscal year. The heating fuel oil budget for the coming year will be \$20,000 less than the heating budget for the past year. For FY '83 \$1.40 is budgeted per gallon for #2 heating oil, and \$1.10 per gallon for #6 fuel, the same projections as FY '82. Overall the operation of plant account remains the same for FY '83.

Transportation

During the past year, S.A.D. 44 consolidated the transportation routes for students coming to and from school. As a result of this consolidation, buses will travel approximately 75,000 fewer miles during the current year. This, combined with the conversion to

LOCATES SON AFTER 30 YEAR

SEPARATION — Mrs. Mildred Merrill of Bethel, above, says she just had "the best Mother's Day ever" when she received a telephone call from a son she had not heard from for nearly 30 years. Guy Phillips Jr., who now resides in Colorado called his mother Friday before Mother's Day after being contacted through the IRS with the aid of U. S. Senator George Mitchell. Mrs. Merrill and her son had lost contact when he entered the service and she moved from Kingfield to Bethel, changing her name through remarriage. Over the years both mother and son had made various unsuccessful attempts to find each other. Now he and his sister, Mrs. Ethel Robertson, Richmond, Calif., are corresponding, and are hoping they will be able to make a joint visit with their mother in the near future.

FROM THE bethel town office

The Board of Selectmen met in regular session, Monday, May 17, in the Town Office meeting room to work on the motor grader question. Voters at the March Town Meeting requested that the Board research all possibilities and report recommendations at a special town meeting. With this charge in mind, four agenda items comprised the workshop session: a review of locally produced grader capability worksheets; establishment of action milestones; discussion of the request for proposal (RFP) process to be used; and introduction of maintenance and failure repair costs on the present 24-year-old grader.

The Board recognized that all possible alternatives must be thoroughly researched to insure the fundamental soundness of forthcoming recommendations. Presented for the Board's approval, the "motor grader capability" worksheets were the result of extensive in-house research aimed at determining what type of motor grader was needed, if any, to service our needs. First, grader uses were identified and unique functions that could not be accomplished with other available equipment were singled out. Next, each function was quantified by extracting use data from the grader records of the past several years. This process determined the usefulness and effectiveness of a grader in both winter and summer road maintenance programs and yielded a set of essential features a grader must have to meet our specific needs. These features will become the specifications in future bid requests. Furthermore, this study concluded that a machine having the same capabilities as the present grader is sufficient to meet the needs. This prevented the introduction of unrealistic recommendations and simultaneously opened options involving the existing grader.

After reviewing the grader function-capability requirements, the Board established action milestones leading to a special town meeting tentatively scheduled for Wednesday, June 23. To reach that goal, the specifications that were approved on May 17 will be converted to bid requests and mailed by May 21. Reputable regional dealers will then be asked to submit proposals on new, used, leased, and rebuilt graders that meet the specifications. In addition, estimates will be received regarding the rebuilding, trade-in and resale costs of the present grader. On June 4, the bids will be opened and reviewed to determine whether the proposals meet the specifications and other selection criteria including cost effectiveness parameters. The Selectmen will review the bids during the week of June 7, and select the best proposal to recommend to the town. An article for the Town Meeting warrant will then be prepared and publicized.

Many helpful comments and suggestions have been offered by interested citizens on the road grader question. The purpose of describing the decision-making plan above has been to show that these inputs were both listened to and acted upon. For, in this manner, the recommendations ultimately presented at the special town meeting will have been arrived at with no stones left unturned.

The grader question is not the

Saturday, May 15, Industrial Management Labor Night was held at a South Paris restaurant. Eight couples represented Ekco Wood Products with six of them awarded gifts. All enjoyed supper, being introduced to the new officers and entertainment and dancing.

There will be installation of officers of the Jackson-Silver Auxiliary Unit this Thursday (May 20) at 7:30 p. m. There will be lunch following the meeting.

Neva Hartorne has been helping Mrs. Lillian Lapham with her spring cleaning and Mrs. Vera Cross has new wallpaper in her kitchen. Very nice.

Lillian Cross is visiting her father, Rodney Cross, this week.

The house Bob Coolidge bought, across from his store, has been newly sided. It is now being painted. It really improves the look of Main Street, and the new light installed at the end of the bridge, improves its safety. The light has been needed for a long time.

Greenwood City

Mrs. Collista Morgan, Corres.

Walking on the hillside, I noticed for the first time a shad bush in full bloom and it was an attractive sight nestled among the green canopy. Everything seems to be happening at once. Only yesterday it was April and tomorrow it will be summer. Today flowers are pastel that yesterday were bright brushstrokes in the sun.

Leaving the Bulldozer Road for a closer view, I took a breath of joy, like a child, who bends to pick a buttercup from the fields of May. Then, why did I shiver, and see snow in those falling blossoms, even though the day was bright and there was the promise of warmth in the air?

This bush has several names; June berry, because the shrub's crimson fruit surprises by gleaming from the copses/at the very beginning of summer; Service berry, because of the use made by the Indians, of the fruit, which they gathered in great quantities, and after much crushing and pounding made into a sort of cake. Shadblow, which the bush readily explains.

Climbing back to the road I encountered beneath the feathery foliage of the spring trees, the tremulous beauty of the slender-stemmed anemones. Whittier, describes them thus — "wind-flowers sway/Against the throbbing heart of May".

There, too, was another delicate flower of May; the star flower.

As I continued toward the farm fields, the roadsides were blue and white with violets.

"Down in a green and shady bed A modest violet grew. Its stalk was bent, it hung its head, As if to hide from view. And yet it was a lovely flower Its color bright and fair; It might have graced a rosy bow

— Jeannine Fleet, Corres. —

Mr. and Mrs. Robert Russell of Westwood, Mass., were at their home over the week end.

Been wondering when we were going to see or hear from Jeannine Morin. She has been in Arizona all winter.

Mrs. Mary Morin was in Warren over the week end to visit her mother, Mrs. Enid Ramsey.

Alan Fleet caught a pickerel 24 inches long and weighed just under 4 pounds.

Mrs. Jeannine Fleet and Mrs. Barbara Yates were in Rumford one morning.

Sent in by Eva Yates:

It is a lovely morning—but how bad we need rain, it's really getting dry. We got the Go-Shoes out and went to Rumford to Grange Saturday night. Let's see, what is there to complain about this morning. Every one is mowing lawns and planting gardens, etc. I have three birthday cards to get off this week end each one calls for a letter as well as the card. The wild flowers are getting out pretty and the dandelions sure look bright and pretty and the greens sure are good and good for you. A real spring tonic. And of course the rhubarb helps to tone anyone up at this time of year and one more good tonic is horseradish. Boy, is that good. I hope this finds Eveline in the pink of condition and happy. So far I have not had that call from her she said she was going to make me.

Mrs. Barbara Yates and Eva and Peggy Blake attended a bridal shower Sunday P. M. for Miss Terri Martin, the bride to be of Elden Yates.

These nice warm days have called out the lawn mowers, so business is booming.

Peggy Blake has moved from

tions including works by Marvin Hamlish and Aaron Copeland, performed by the thirty voice chorus. The chorus is also participating in a community musical evening at the Congregational Church this month.

Participants in the Adult Co-ed Volleyball League may pick up their certificates at the Adult and Community Education office. Telstar Art instructor Tom Kavanagh designed the unique testimony to participation in the First Mud-Season League and the certificates were printed by David Tripp of the Telstar Graphic Arts Department.

Adult and Community Education Director Cathy Newell spoke to the Advisory Council of the Buckfield Adult and Community Education program on Thursday, May 13, at a supper meeting at the home of SAD 39 coordinator Donna Thorburn. Mrs. Newell described the activities and programs which make up the SAD 44 program, and answered questions relating to adult and community education.

Letters to the Editor

To the Editor:

On May 24, the taxpayers of
Bethel, Greenwood, Newry, Andover
and Woodstock will vote on the
S.A.D. 44 Budget. In light of our
economy, I feel it is most impor-
tant for us to attend this meeting
and to vote.

44% of the S.A.D. 44 Budget is
funded by local money. This per-
centage has been adjusted by sur-
plus monies funded by local tax-
es from previous years. The ma-
jority of our property taxes go to
the District and not to our town
budgets. The new Budget adopted
by the Board of Directors, which
will be presented to voters of S.A.
D. 44 for approval, should be con-
sidered as follows. I have not in-
cluded adult education figures as
these amounts are not actually used
by students.

The net change in dollar amounts
raised by municipalities for the
years 1981 and 1982 indicates a de-
crease of \$14,094.98. The budgets
for S.A.D. 44, however, show the
stated percentage increases for the
following school years: FY 78-79,
3.5%; FY 79-80, 3.6%; FY 80-81,
3.5%; and FY 81-82, 4.8%. This year
the difference is 6.1% which is the
largest percentage increase since
1976.

In looking at the Budget, I find
the following: Instructional sup-
plies for students, no change; Tru-
ancy services for students, no
change; Health Services for stu-
dents, -14%; Transportation for
students, +1%; Plant Operation
(utilities, cleaning, etc.), no
change; Repairs, Buildings and
Equipment, +18%; Employee taxes,
insurance etc., +4%; Hot lunch
for students, +9%; Student Ath-
letics, +2%; Capital Purchases
(for Building & Equip), -9%;
Debt Services, -4%; Tuition,
-2%; Salaries, Teaching & Sup-
port staff, +8%; Administrators,
salaries, +15%; Superintendents
Office, salaries, +32%.

There has been a \$908,287 in-
crease in S.A.D. 44's budget from
1975 when the budget was \$1,857,398
to this new budget of \$2,864,185—
an eight year span.

We all must make up our minds
on how we should vote. We as tax-
payers should not support an in-
crease of over 6% when that in-
crease is the largest in eight years
and supports a budget showing a
decrease in direct student service
while increasing administrative
costs. Our towns are trying to
hold taxes down. We cannot af-
ford increases with the economy
as it is.

TELSTAR SEVENTH GRADERS
SCORE WELL IN N. E.
MATH LEAGUE CONTEST

In February, 30 of Mrs. Dress-
er's seventh grade math students
at the Telstar Middle School par-
ticipated in a contest sponsored
by the New England Mathematics
League. Hundreds of seventh grade
students from all over New Eng-
land took the contest exam on the
same date. The difficult 40-ques-
tion test provided opportunities for
students to demonstrate their abil-
ities in logical reasoning, simple
statistics, geometry and arithmetic
through word problem solution.
The Middle School's seventh
graders represented their school

That is what the 112 bishops of the United Methodist Church (UMC) have said about nuclear war, in a strongly-worded pastoral letter read by Rev. Millett Cummings of Bethel United Methodist Church and other United Methodist pastors across the nation Sunday, May 16.

New England's bishop, George W. Bashore, signed the letter, which called for the U.S. and the U.S.S.R. to freeze manufacture of new nuclear weapons and reduce present stockpiles, both subject to "adequate verification." Building from the biblical themes of "the oneness of creation" and the "call to be agents of reconciliation," the spiritual leaders of the 9 1/2 million member church endorsed the Joint Resolution on Nuclear Freeze and Arms Reduction that has won the support of more than 190 U.S. Senators and Representatives.

The bishops called on United Methodists to work and pray for

Last year, in preparing the current budget, the impact of decontrol on the cost of gasoline was unclear. Consequently, the district retained a projected cost of \$1.75 per gallon for gasoline, a projection that, clearly, did not materialize in the current year. In planning the FY '83 budget, the district has projected a gasoline cost of \$1.50 per gallon. This lower projected cost combined with the consolidation of the transportation routes, results in a fuel savings of \$18,000 in FY '83.

Fixed Charges, Debt Service, Tuition.

These items in the budget are determined externally. Fixed charges includes unemployment, FICA, and the various insurances associated with running a School District. Debt service must be paid on Telstar, however, the state reimburses the district in full for the debt service under a complex formula. Tuition is paid for students attending NOVA, and to private special education schools.

The expenses associated with the operation of the school district central office are charged to the administration account. The Superintendent, Administrative Assistant, and Executive Secretary comprise the central office staff. School Board salaries and data processing cost are also included in this account.

Extra-Curricular

This portion of the budget remains at the same level as FY '82 primarily as a result of the elimination of inter-scholastic football. Nearly 450 students participate in extra-curricular activities funded by the district.

Other

Attendance services, medical services, and capital outlay make up the balance of the budget.

Annual Budget Meeting

The Annual Budget Meeting is the final step of the budgetary process, and, as such, reflects nearly five months of work by the Board of Directors, administrators, and personnel of S.A.D. 44. From October, when budget development begins at each school building, through February, when the Board adopts the final budget, nearly every Board meeting and Administrative Council meeting focused on the development of the district budget for FY '83.

Throughout the development of the district budget for FY '83, an effort was made to gather as much community input as possible, with three Board meetings in February reserved for a comprehensive review of the budget prior to its adoption.

At the Annual Budget Meeting on Monday, May 24, the voters of S.A.D. 44 will have an opportunity to vote on the budget developed and approved by the Board of Directors. A listing of the articles and a description of each article follows:

Article I. To choose a moderator to preside at said meeting. Description: A Moderator will be elected and then sworn in by the Superintendent of Schools.

Article II. Shall the Regional Vocational Budget as approved by

The Society also enjoyed its recent participation in the Adult Ed. Learning Fair. Larry, Robert, and Mary Billings set up an exhibit there which was surveyed by many visitors. Clarice Gibson, Corres.

Looking over my notes from Tuesday on every day was a nice day. How soon Spring awakens after the snow goes and we have some sun! The different shades of green, wild cherries, wild oats, dandelions all give color to the country side. Our plum trees are now in full bloom, the bleeding heart, clumps of violet (purple and white) all make one want to get outdoors. Riding down to Norway Sunday we saw quite a few tulips, grape hyacinths and other flowers in bloom. George went down Saturday to help the folks and Sunday we picked up Frankie and Theresa as we went to help celebrate the folks, Mr. and Mrs. George Allen's 55th wedding anniversary, which was May 12. Also there were my sister, Marion and husband, Ben Tucker, Readfield; sister Iva and husband, Don Holden, Norway; their daughter, Pearl and a friend, Steve; brother, Johnny, Oakland, Calif.; and brother, Danny, wife Shirli; and Jacob. The folks have five children; 12 grandchildren, and two great-grandchildren. We had an outdoor buffet style lunch but went in the house soon after as the warm weather has brought the bugs back.

May 11 Aunt Sarah Andrews, Albany, met Frank and I at the station on Main Street and we all went out to eat. Friday, I went to visit Frank and Theresa. Daniel Hannon rebottled his garden this week end, Mary Beth Hannon, daughter of Mr. and Mrs. Hannon, went with grades 3-4-5 classes of Mrs. Wheeler and Mrs. Kelly to the Norlands, Livermore Falls. They gave each child a period costume and then they peered their dinner, such as cornbread, etc.

Mother's Day week end Mr. and Mrs. Frank Murphy went to the confirmation of her nephew, David Greenburg, son of Mr. and Mrs. Paul Greenburg of Dora, Mass. Randy Wilson spent Friday night and Saturday at the home of Mr. and Mrs. Homer Smith, with his friend, Andy, Sunday dinner guests at Smiths were Doug and Adam Smith.

Thelma Merrill is still in Stephens Memorial Hospital. Bill, Betty and Justin Shimamura, were up over the week end and they worked on the little house on Vernon Street.

Mrs. Evelyn Hålbom picked up Mrs. Sylvia Stephenson, Fonthill, Canada, and drove through to Maine on May 9. Since Sylvia has been here they have been to Rangeley Lakes, North Conway, N. H., and twice to Gorham, N. H. Mother's Day visitors at Dr. and Mrs. Leonard Shaw's were Mike and Kathy Davis, Conway, N. H., Don and Dorla Fudge and children, Tracey and Coley, and Paul and Carol Lee Doty. Becky's parents, Mr. and Mrs. Robert Keniston, were supper guests.

Saturday evening, Mr. and Mrs. Leonard Shaw left the twins with a sitter and went to Song for a cookout and canoe ride.

Frank and Sylvia Benson went to Sabattus Sunday in honor of their daughter Sylvia's birthday. Their grandsons, Darren and Eric, were there and they all had a cookout. On the way home they stopped to see Sylvia Benson's mother, Alice Foss, in Hebron.

Sylvia Benson went to Boston, Mass., Thursday with her sister,

Today, whatever may annoy The word for me is Joy, just simple "joy"

The joy of life,
The joy of children and of wife;
The joy of bright blue skies;
The joy of rain; the glad surprise
Of twinkling stars that shine at night;

The joy of winged things upon their flight;
The joy of noon day, and the tried
True joyousness of eventide;
The joy of labor and of mirth;
The joy of air, and sea, and earth—

The countless joys that even flow from Him
Whose vast beneficence doth dim
The lustrous light of day,
And lavish gifts divine upon our way.

Whatever there be of sorrow
I'll put off till tomorrow
And when tomorrow comes, why then
'Twill be Today and Joy again!

Eveline B. Vatcher, Corres.

I have heard people say that "one can live off the land", and it is true. The past week Joe Vatcher and I have lived like kings, with our own asparagus, dandelions, and extra large smelts. Everything tasted so good, it was worth working for. We went smelting on Monday night above Wilson's Mills and we came home with three smelts, so we saved them to go with the next catch, our limit, so we really had a feast.

Mrs. Helen Estes and Mrs. Laura Heikkinen went to New York and visited with Helen's sister, Mrs. Margaret King, for a whole week. Had a lovely time.

Doris Lawrence went to the doctor's Monday. Marietta Penley went with her and they went to see Mrs. Helen Emery at Mechanic Falls and Rachel Boston, daughter.

The Grange at West Summer had a fried clam supper at their hall Saturday and it was good to meet many old friends. They had a full house.

Harlan Abbott went to Wilson's Mills cemetery Sunday, so he took his fish pole and friends and did some trout fishing. The ladies stayed in camp and cooked the dinner already for the fish when they arrived.

Sympathy is extended to the family of Maynard Emery. He passed away Saturday evening late. His son and family came from New Jersey Monday. The son had returned to his home Saturday morning.

Callers at Lawrences: Nancy Mason and Timmy, Sherry Millett, Mione Records, Myrtle Downing, Mr. and Mrs. Albert Downing Sr., Joe and Eveline.

Mr. and Mrs. Joe Kalinowski will not be here in time for our supper on May 22, but will arrive shortly after.

I have seen only one apple tree in bloom on our street. Haven't been up to the orchards yet. Our

S.A.D. #44 TO FIELD TEST SOUP & SANDWICH ALA CARTE

Mrs. Hilda Brown, Director of Food Services for S.A.D. 44 announced that during the week of May 24 through May 28, students at Telstar Regional Middle/High School will have the option of purchasing a soup and sandwich of their choice in addition to the regularly listed school lunch. This soup and sandwich option, which is being introduced on a field-test basis, is to determine if such an option would result in a higher lunch count at Telstar, which houses over 50% of the students in S.A.D. 44.

Within the next few days, students at Telstar will be made aware of the option through school-wide assemblies and daily announcements to be sent home late this week.

This field test will be monitored by the School Lunch Committee, established by the S.A.D. 44 Board in February. Committee members: Jane Barth, Hilda Brown, Mark Clanton, Virginia Kelly, Sean Kersey, Darlene Hall, Barbara Stevens, Sandra Wheeler, and Diane York have met on sev-

eral occasions in the past few weeks to review various alternatives to the current school lunch system. If this option proves worthwhile, there is a possibility that two entrances and/or a salad bar may be instituted at Telstar in the 1982-83 school year. The School Lunch Committee, School Board members, and school personnel in S.A.D. 44 welcome parental comments on this second option.

CARD OF THANKS

A thank you seems hardly adequate for all the concern, prayers, and many thoughtful things done for us during the months Frank was in M.M.C.

To those who kept our yard plowed, tended plants, and kept our cat.

For the hundreds of cards, and letters we received to encourage us in what could have been very trying times, but for the strength and comfort of our Lord Jesus, we owe much gratitude.

Special thanks to old friends, Rodney and Kay, who opened their home to me for all those weeks.

May God's Blessing rest on each one.
